SUBJECT: FENWAY PROJECT MASS. R - 115
ACCOUNTS RECEIVABLE TO BE CHARGED OFF

There is attached a schedule of fifteen vacated accounts receivable in the total amount of \$32,491.66 to be charged off as uncollectible.

Group "A" consists of four accounts which were evicted for non-payment of rent. No relocation payment claims were filed or paid. Relocation payments would have exceeded the arrearages.

Group "B" consists of eleven accounts, both residential and commercial. Every possible effort was made by the staff to collect, following which the accounts were turned over to a collection agency. The latter advised the B. R. A. that these accounts, some of which date back to 1969, are uncollectible. No relocation payment claims were filed or paid. Relocation payments would have been far in excess of rental arrearages.

It is therefore requested that the Authority charge off these accounts and make the following findings required by H. U. D. procedures:

1. that there is no reasonable prospect of collection;
2. that probable costs of further efforts to collect would not be warranted.
